

Summer is a time for picnics and parties, so don't let the sunny days go to waste! Make things interesting, by having your wedding during the day! Instead of dancing in the dark, have fun under the sun.

Play corn-hole or giant Jenga, sip on iced tea or lemonade, make fun and fruity cocktails for the adults, and don't forget the awesome decorations! Go traditional with a white and red checkered napkin; guests will love the nostalgic feel. Fill the dessert table with cookies or slices of pie. Make this theme unique and fun for you and all of your guests!
